## INSTRUCTIONS

lowa law requires that the seller deliver a title to the buyer when selling a vehicle. Contact the seller of the vehicle and ask them to comply with this requirement before submitting this application.

If you are still unable to obtain proper title documents you may be able to file a bond as a condition of obtaining a title and registration plates. A vehicle issued a junking certificate may be reinstated through the bonding procedure if the vehicle is 25 years old or older. Trailers with an empty weight of 2,000 pounds or less cannot be processed under this application. You must contact your county treasurer's office. If you are in possession of the original title it must be submitted with this application.

Submit the completed application to the lowa Department of Transportation, Office of Vehicle & Motor Carrier Services, Box 9278, Des Moines, Iowa 50306-9278. Phone (515) 237-3110. Information may be submitted via email to: vscusto@iowadot.us

If the application is complete, the Department will:

- Review application and supporting documents and determine if an inspection of the vehicle is required. If an
  inspection is required you will be notified by the Office of Vehicle & Motor Carrier Services.
- Determine whether there is an active title or junking certificate record on file for the vehicle. If no record is found, the Department will continue processing the application and determine the current value of the vehicle.
- A cash bond or surety bond will be required, based upon one and one half times the determined current value of the vehicle. A bond form will be sent to the applicant showing the current value of the vehicle and the amount of the bond. The bond must be signed by your surety company representative and also by you as the principal. The signed bond must be returned to the Office of Vehicle & Motor Carrier Services. Fees to obtain a surety bond through a bonding company are set by the company. Please refer to the bonding company for the fee to obtain your surety bond.
- Notify you upon review of the surety bond received with approval to obtain title and registration through your county treasurer.

## MINIMUM SAFETY EQUIPMENT REQUIREMENTS

**Lights** - Headlamps, beam indicator, reflectors (rear), clearance and identification, parking lamps, stop lights, turn signals, tail lights, number of lamps required (no more than 4 at any one time), no white light to rear.
